REZA PAMUNGKAS

OPERATIONS MANAGEMENT | BUSINESS SYSTEMS | SOFTWARE DEVELOPMENT | DIGITAL TRANSFORMATION

Pundung, Nogotirto, Gamping, Sleman, Yogyakarta | 08887870007
rezaction@proton.me | LinkedIn: linkedin.com/in/rezaction | GitHub: github.com/rezaction | rezaction.my.id

PROFESSIONAL PROFILE

Operations and technology professional with hands-on experience in business operations, team supervision, production workflows, and digital solution development. Joined an F&B business as its first employee and contributed to building its operations and workforce to more than 50 employees by 2023. Combines operational leadership with practical experience developing websites and business applications—including inventory-related systems—and managing data, databases, servers, and digital workflows. Proficient in Microsoft Office, particularly Excel formulas and data processing, with additional experience in graphic design and product development.

WORK EXPERIENCE

Supervisor | Operations & Business Support

CV Dwimanunggal Indonesia / PT Dwimanunggal Indonesia Sejahtera | Food & Beverage Business Group | 2020–2025

- Joined as the first employee and worked alongside the founder and co-founder to develop operations and the workforce, which grew to more than 50 employees by 2023.
- Supervised daily operations and supported the establishment of work methods, team coordination, operational routines, and process improvements.
- Handled or supported recruitment, candidate interviews, onboarding, training, payroll processes, and administration.
- Managed inventory and purchasing activities while supporting quality control and product development for coffee, powdered beverages, and tea.
- Contributed to production-facility design, factory layout planning, and workflow improvements.
- Participated in implementing occupational health and safety (OHS) practices, halal procedures, and Good Manufacturing Practices (GMP).

TECHNOLOGY & DEVELOPMENT

Web Development, Business Applications & IT Systems

- Developed multiple website projects and business-oriented web solutions, including inventory application concepts and systems supporting operational workflows.
- Worked with web technologies and application frameworks including HTML, CSS, JavaScript, PHP, and Laravel.
- Worked with databases and data structures to support application functionality, data storage, and business information management.
- Handled server-related work and application deployment or system maintenance as part of website and application projects.
- Applied practical understanding of business processes to design digital tools that support inventory, administration, and operational needs.

Selected projects can be presented as a portfolio through GitHub and personal website.

ADDITIONAL EXPERIENCE

Political Data Analysis & Party Organization Mapping | 2012–2014

- Performed data entry, data gathering, processing, and manipulation to support political organization analysis.
- Collected and managed information on political party structures, networks, and internal dynamics.
- Conducted political party strength mapping using collected data and field information.
- Identified the distribution of political support bases and potential electoral support across regions.
- Analyzed organizational dynamics, internal consolidation, and political developments ahead of the 2014 General Election.
- Prepared and processed datasets to support political analysis and organizational mapping.

Freelance & Independent Creative Projects | 2015–2019

Worked on graphic and logo design, T-shirt design, and screen-printing projects for small businesses, organizations, and communities; also conducted independent culinary business experiments.

REZA PAMUNGKAS

MANAJEMEN OPERASIONAL | SISTEM BISNIS | PENGEMBANGAN SOFTWARE | TRANSFORMASI DIGITAL

Pundung, Nogotirto, Gamping, Sleman, Yogyakarta | 08887870007
rezaction@proton.me | LinkedIn: linkedin.com/in/rezaction | GitHub: github.com/rezaction | rezaction.my.id

PROFIL PROFESIONAL

Profesional di bidang operasional dan teknologi dengan pengalaman langsung dalam operasional bisnis, supervisi tim, alur produksi, serta pengembangan solusi digital. Bergabung sebagai karyawan pertama pada bisnis F&B dan berkontribusi dalam pengembangan operasional serta tenaga kerja hingga mencapai lebih dari 50 karyawan pada 2023. Memadukan kepemimpinan operasional dengan pengalaman praktis membangun website dan aplikasi bisnis—termasuk sistem terkait inventory—serta mengelola data, database, server, dan alur kerja digital. Menguasai Microsoft Office, khususnya formula Excel dan pengolahan data, serta memiliki pengalaman pengembangan produk dan desain grafis.

PENGALAMAN KERJA

Supervisor | Operasional & Dukungan Bisnis

CV Dwimanunggal Indonesia / PT Dwimanunggal Indonesia Sejahtera | Grup Bisnis Food & Beverage | 2020–2025

- Bergabung sebagai karyawan pertama dan bekerja bersama founder serta co-founder dalam pengembangan operasional dan tenaga kerja hingga mencapai lebih dari 50 karyawan pada 2023.
- Mengawasi operasional harian serta mendukung penyusunan metode kerja, koordinasi tim, rutinitas operasional, dan perbaikan proses.
- Menangani atau mendukung rekrutmen, wawancara kandidat, orientasi, pelatihan, proses penggajian, dan administrasi.
- Mengelola stok dan pembelian, serta mendukung pengendalian kualitas dan pengembangan produk kopi, minuman serbuk, dan teh.
- Berkontribusi dalam desain fasilitas produksi, perencanaan tata letak pabrik, dan perbaikan alur kerja.
- Terlibat dalam penerapan praktik K3, prosedur halal, dan Good Manufacturing Practices (GMP).

TEKNOLOGI & PENGEMBANGAN

Web Development, Aplikasi Bisnis & Sistem IT

- Mengembangkan berbagai proyek website dan solusi web untuk kebutuhan bisnis, termasuk konsep aplikasi inventory dan sistem pendukung alur kerja operasional.
- Menggunakan teknologi dan framework web seperti HTML, CSS, JavaScript, PHP, dan Laravel.
- Mengolah dan menggunakan database serta struktur data untuk mendukung fungsi aplikasi, penyimpanan data, dan pengelolaan informasi bisnis.
- Menangani pekerjaan terkait server, deployment aplikasi, atau pemeliharaan sistem dalam proyek website dan aplikasi.
- Menerapkan pemahaman proses bisnis untuk merancang perangkat digital yang mendukung inventory, administrasi, dan kebutuhan operasional.

Proyek pilihan dapat ditampilkan melalui portofolio GitHub dan website pribadi.

PENGALAMAN TAMBAHAN

Analisis Data Politik & Pemetaan Organisasi Partai | 2012–2014

- Melakukan input, pengumpulan, pengolahan, dan manipulasi data untuk mendukung analisis organisasi politik.
- Mengumpulkan dan mengelola informasi terkait struktur, jaringan, serta dinamika internal partai politik.
- Melakukan pemetaan kekuatan partai politik berdasarkan data yang terkumpul dan informasi lapangan.
- Mengidentifikasi persebaran basis dukungan politik dan potensi dukungan elektoral di berbagai wilayah.
- Menganalisis dinamika organisasi, konsolidasi internal, dan perkembangan politik menjelang Pemilu 2014.
- Menyiapkan dan mengolah dataset untuk mendukung analisis politik serta pemetaan organisasi.

Freelance & Kegiatan Kreatif Independen | 2015–2019

Mengerjakan desain grafis dan logo, desain kaos, serta proyek sablon untuk UMKM, organisasi, dan komunitas; juga pernah menjalankan eksperimen usaha kuliner independen.

KOMPETENSI UTAMA

Operasional & Manajemen: Supervisi operasional, koordinasi tim, rekrutmen, pelatihan, administrasi, perbaikan proses
Web & Aplikasi: HTML, CSS, JavaScript, PHP, Laravel, pengembangan website, aplikasi bisnis
Data & Office: Microsoft Word, Microsoft Excel (formula, pengolahan data), input data, pengelolaan dataset, reporting
Database & IT: Pengelolaan database, administrasi server, deployment, pemeliharaan sistem
F&B & Manufaktur: Pengembangan produk, stok, pembelian, QC, tata letak produksi, GMP, K3, prosedur halal
Digital & Kreatif: CorelDRAW, Adobe Photoshop, Adobe Premiere Pro

PENDIDIKAN

Ijazah Pendidikan Kesetaraan | 2017

SMK Muhammadiyah Cangkringan (SMK MUCA) | Pernah menempuh pendidikan pada 2011
