PROFESSIONAL PROFILE

Operations professional with experience in the food and beverage industry, team supervision, production operations, and product development. Joined an F&B business as its first employee and contributed to the development of its operations and workforce, which grew to more than 50 employees by 2023. Cross-functional experience includes recruitment, training, inventory and purchasing, payroll support, quality control, and manufacturing workflows. Also independently develops skills in graphic design and web development.

WORK EXPERIENCE

Supervisor

CV Dwimanunggal Indonesia / PT Dwimanunggal Indonesia Sejahtera | Food & Beverage Business Group | 2020–2025

- Joined as the first employee and worked alongside the founder and co-founder to develop operations and the workforce, which grew to more than 50 employees by 2023.
- Supervised daily work activities and helped establish work methods, team coordination, and operational routines.
- Handled or supported recruitment, candidate interviews, employee onboarding, training, payroll processes, and administration.
- Managed inventory and purchasing activities, while supporting quality control and product development for coffee, powdered beverages, and tea.
- Contributed to production-facility design, factory layout planning, and workflow improvements.
- Participated in the implementation of occupational health and safety (OHS) practices, halal procedures, and Good Manufacturing Practices (GMP).

ADDITIONAL EXPERIENCE

Freelance & Independent Creative Projects

2015–2019

Worked on graphic and logo design, T-shirt design, and screen-printing projects for small businesses, organizations, and communities; also conducted independent culinary business experiments.

Research & Data Analysis — Political Party Organization

2012–2014

Conducted independent research involving surveys and data analysis, including respondent analysis and the identification of data patterns.

CORE COMPETENCIES
